Long Sentence Given Pair For Hatchet Murder

Gladys MacKnight And Former Sweetheart Must Serve 29 To 30 Years

COURT PASSES SENTENCE TODAY

Were Convicted Of Slaying Of Girl's Mother In Jersey City, N. J.

By JAMES L. KILGALLEN
International News Service Staff Correspondent

JERSEY CITY, N. J., June 3—Gladys MacKnight, the 17-year-old high school graduate and convicted hatchet slayer of her mother, must remain within the grim walls of a prison until she is 46 years of age.

She and her "puppy love" former sweetheart, Donald Wightman, 19, were today sentenced by Judge Thomas Meaney to serve not less than 29 years nor more than 30 years at hard labor. They will "do time" at the state prison farm at Trenton.

Found Guilty Last Week.

They were found guilty by a jury last Thursday of second degree murder for the brutal ax-killing of Mrs. Helen MacKnight, 47, in her home in Bayonne, N. J., on July 31 last.

It was a severe enough penalty for cool-eyed Gladys. She escaped the supreme penalty—death in the electric chair. But she loses the freedom so highly prized by youth ...no more tennis matches, no college life, as she had planned—and certainly not matrimony.

Donald will be 48 when prison gates open for him.

Gladys and Donald managed to retain their self-possession when they heard sentenced imposed.

PA NEWC OBSERVES

Today's rain, bringing cooler weather, was a welcome relief, the hot spell of the past week coming so early in the season having caused considerable suffering, particularly among those who work at hot jobs, such as the hot mill employes in the tin mills, and foundry workers.

A visit throughout the city last evening revealed the fact that city playgrounds attract countless hundreds of children daily. One of the favorite sports appears to be tennis.

Summer is not far off now. The first day is Tuesday, June 22—19 days away.

In a notation last week in this column it was stated that the old Pulaski race track at the fair grounds site had been plowed up. Pa Newc is informed today that this is not entirely correct. The ground inside the track enclosure has been plowed up and planted, but the track is still intact and being used for training race horses, as for years, it is stated.

Vicar May Lose Parish For Performing Wedding Ceremony For Duke

By DAVID P. SENTNER

(Copyright 1937)

LONDON, June 3.—His bestowal of religious blessings on the wedding of the Duke of Windsor and Mrs. Wallis Warfield threatened today to cost the Rev. R. Anderson Jardine, Vicar of St. Paul's church, Darlington, his parish and his future ecclesiastical career.

The liberal-minded little "poor man's parson," who volunteered to marry the Duke and Mrs. Warfield in a religious ceremony today, and was accepted for the task, will be summoned before the parochial council of St. Paul's at its next meeting at the end of the month.

There he will be "put on the carpet" and asked to explain his failure to consult his ecclesiastical superiors before undertaking to marry the former monarch and the twice-divorced American woman in defiance of Church of England disapproval.

Action Hotly Condemned

Decision to summon Jardine was reached at an emergency meeting of the council, attended the parish trustees. The Vicar's action was

Warns Senate Debate On Court Proposal Will Take Two Months

By WILLIAM K. HUTCHINSON
International News Service Staff Correspondent

WASHINGTON, June 3.—A blunt warning that senate debate over President Roosevelt's supreme court bill will require two months was made today by Senator Van Nuys (D) of Indiana, an opposition leader, as congress faced a heavy legislative calendar.

He declared the opposition was ready to start debate any time administration leaders call up the bill. This may occur next week, after the opposition majority on the senate judiciary committee file their adverse report, recommending a "death sentence" for the bill.

Leaders Concerned.

Administration leaders were concerned over the legislative outdook. They have an anti-lynching bill pending in the senate, three regular appropriation bills unenacted, the relief appropriation pending, with government reorganization bills, new wage and hour legislation and suggested tax law revisions still before committees.

Senator Robinson (D) of Arkansas, majority senate leader, predicted congress would be unable to adjourn "before the first of August".

Rules Committee Against Giving Treasury Employes Probing Power

BATTLE ON FLOOR OF HOUSE SEEN

By WILLIAM S. NEAL
International News Service Staff Correspondent

WASHINGTON, June 3.—Administration leaders in the house today were confronted by another revolt against granting of "blank check" powers to the executive branch of the government—this time on the resolution for a searching investigation of tax evasion by millionaires.

A battle on the floor was threatened as the rules committee prepared to bring before the house the senate resolution creating a joint congressional investigating committee.

The rules committee, usually known as a party policy committee, struck out a senate-approved section under which the joint committee could turn over the congressional power of investigation to a treasury employe.

Fear Snooping Expeditions.

The committee, fearful of snooping expeditions, also struck out of the resolution a provision under which the joint committee could give publicity to income tax returns in a report to either branch of congress.

The latter action, members of the rules committee said, would not prevent the joint congressional committee from giving full publicity to names of alleged tax evaders thru public hearings.

Organization To Boost City Being Planned

Representative Citizens Gather At Call Of Mayor To Discuss Proposal

TO MEET AGAIN IN TWO WEEKS

Following a meeting in city council chambers last evening, attended by members of council and representatives of various civic bodies of the city, an organization to boost New Castle, similar to the Chamber of Commerce, was projected, and will be further discussed at a meeting arranged for the same place on Wednesday evening, June 16.

Last night's meeting was called by Mayor Charles E. McGrath at the instance of various citizens who are desirous of seeing a live energetic body formed to boost the city and to endeavor to build it up.

In the neighborhood of fifty men were present at the meeting representing different organizations, particularly those interested in their home districts, such as the South Side Board of Trade, East Side Merchants Association and Seventh Ward Civic Club.

It is the idea of those who were present at last evening's meeting to invite one or more representatives from each fraternal organization or civic body, such as the various service clubs, and to form a compact organization which will endeavor to sell the city to outside interests and to promote various things for the good of the city.

President Sends Special Message

Urges Upon Congress Creation Of Seven Regional Authorities In Nation

POWER DEVELOPMENT PLAN IS PROJECTED

By GEORGE DURNO
International News Service Staff Correspondent

WASHINGTON, June 3.—Creation of seven regional authorities that would join the nation into an integrated system for handling power development, flood control, drought arrestment and soil erosion was asked of congress today by President Roosevelt in a special message.

It was the chief executive's final contribution to the current session for making possible "the more abundant life".

His message dealt with the broad general subject of "prduent husbandry of our national resources" through "far-sighted management". The prospect of a series of publicly-owned power plants, however, focused attention on the following statement by the president:

Must Protect Resources

"And provision should be made for the effective administration of hydro-electric projects which have been or may be undertaken as a part of a multiple purpose water-

Submarines Despatched Are Latest Type Construction Of German Navy

By WALTER DIETZEL
International News Service Staff Correspondent

BERLIN, June 3.—Germany rushed still more warships to Spanish waters today as Reich War Minister Werner von Blomberg and Premier Mussolini discussed questions of military cooperation in Rome.

The destroyers Tiger and Iltis were ordered to Spain, speeding in the wake of four submarines which departed for the same destination on Tuesday.

It was announced officially the Cruiser Koeln will sail shortly for Spain, after which "reinforcement of German naval forces in Spanish waters will be temporarily complete."

Europe Jittery

The flow of naval reinforcements to the trouble zone continued while Europe still remained jittery as a result of the bombing of Almeria by German warships on Monday in reprisal for bombardment of the battleship Deutschland by Loyalist Spanish planes.

It was announced officially four 500-ton submarines had departed for Spanish waters Tuesday. They were the U-28, U-33, U-34 and U-35.

Three other German submersibles are understood to be in Spanish waters already.

The latest batch of underwater craft sent to Spain were only recently completely and represent the most modern type of submarine that Germany possesses.

Each craft carries one 8.8 centimeter gun and five torpedo tubes.

The Deutschland is remaining in Spanish waters, officials explained, because the commander and crew requested that the ship should not be ordered home as a result of the pounding it took from Loyalist aerial bombs.

Italo-German Desires Are Not Yet Satisfied

France And Britain Agree In Principle On Demands For Retaliation

(International News Service)

LONDON, June 3.—Britain and France have agreed in principle with Germany and Italy for joint concerted action in retaliation against any future attacks on non-intervention patrol ships in Spain's waters, it was disclosed today, but still the Italo-German desires are not satisfied.

Germany and Italy now are insisting that the retaliatory penalties be decided in advance and made automatic. Britain, however, has proposed the penalties should be decided by a board of admirals of the patroling naval powers after an attack has occurred.

Meanwhile, the British foreign office and admiralty experts were completing a draft of proposals containing a number of points which will be submitted to Germany and Italy for discussion.

Compromise Workmen's Compensation Act To Become Law Of State

(International News Service)

HARRISBURG, June 3.—A compromise workmen's compensation act, far from what the Earle administration demanded originally, today was ready to be written on to the statute books.

Both the house and senate agreed on the measure yesterday and sent it to Gov. George H. Earle for signing. It was one of the most controversial measures before both chambers. Many of its provisions were objected to by organized labor, which two years ago demanded its passage.

Introduced by Rep. Samuel A. Weiss, D., Allegheny, the bill amends the present compensation law to do the following:

1. Increase maximum payments from $15 to $18 per week.
2. Increase minimum payments from $7 to $12 a week, affecting over

MONTS, France, June 3.—History was made and tender romance climaxed in the ancient Chateau De Cande today when the Duke of Windsor took as his bride the woman for whom he renounced throne and empire, Mrs. Wallis Warfield of Baltimore.

First a civil and then a religious ceremony joined the world renowned couple in the bonds of matrimony.

Dr. Charles Mercier, the mayor of Monts, intoned the solemn but simple phrases which united the pair under the laws of France.

And a few minutes later a rotund, partly bald Vicar of the Church of England who braved ecclesiastical wrath to salve his own conscience and accord the Duke and his American-born bride and religious ceremony they devoutly desired married them again under the old, somewhat terrifying ritual of the Church of England.

Bring on the gooey lemon pie, the sandwiches of cheese, the picnic season crowds us now, when folks attempt to please, with lemonade that's much too sweet or sometimes much too sour, when baked beans are a soggy mass, and usually a shower comes up to spoil the outdoor lunch, and if it isn't rain, the ants and spiders chase across the cake and back again. But it is custom every year, and be it wet or fine, the folks hold picnics in the woods, the weather's sixty nine.

Controversial Issues Are Ready For Final Action In House

MANDATE PROGRAM IS BEING PASSED

By FREDERICK N. POLANGIN
International News Service Staff Correspondent

HARRISBURG, June 3.—**Gavels were to fall in the house and senate tomorrow, sounding the end of the 1937 legislature and heralding the completion of the broad phases of Gov. George H. Earle's "mandate" program.**

Opposition which last night again threatened for a time the remaining "must" items on the governor's program—relief, liquor and police merger—wilted under pressure of the Democratic high command, assuring their enactment.

Ready For Final Action

Reading for final house passage today, then to be sent to the senate for concurrence in amendments, were:

1. Governor Earle's proposal to consolidate the administration of relief and public assistance by ripping out the commonwealth's 375 poor boards and state emergency relief administration and setting up a new department of public assistance to operate locally through county assistance boards to be appointed by the governor.

2. The proposed merger of the state police and highway patrol.

3. The strengthening of the state's liquor laws, granting the liquor control board additional powers in regulating its monopoly.

The house beat down proposed amendments to the relief proposals, most important of which would have prohibited the solicitation of employes of funds for political purposes and provided for local referenda on abolition of the poor boards, and placed the bills in position for final passage today.

hotly condemned and those present appeared to be overwhelmingly in favor of removing the controversial little parson from his post.

Meanwhile, high dignitaties of the Church of England considered severe disciplinary action against Jardine. If carried out, the action under contemplation would be likely to result in virtual ostracism of the Vicar, it was said.

The Rev. Herbert Goldsmith, Rural Dean of Darlington and Jardine's immediate superior, issued a statement denouncing the Vicar's failure to consult with church authorities before making his spectacular decision to assist the Duke.

"The Rev. Mr. Jardine did not consult me once during his 10 years at St. Paul's," the statement said. "He does not mix with other clergy and is a man of unorthodox views which have often brought him into conflict with church authorities."

written to the tune of "Little Old Lady". Miss Frey was bathed in a spot of purple, and was joined by the graduates at the chorus. The song was written by Evelyn Plum and Mary Conrad accompanied at the piano.

Humorous in rhyme, and working the spirits of the Alma Mater to bring good luck, was the foreword given by Mary McLaughlin. Jack Ligo, prominent in dramatic circles of the school steps out quickly and salutes his class in true oratorical fashion. A feature of the salute is a trumpet blast by Henry Golis, Ralph Gasper, Rod Williams, and Wilbur Thomas.

This was followed by a scene on the Ne-Ca-Hi campus just before graduation. Seniors are sorrowful over the fact that they will soon leave the school. A party was planned that evening to practice parts for Class Day.

Second scene was at an inn and the following program was presented: An extra of The News appears, announcing that the class will receive their diplomas. Class history is read by Leah Davis. Fun and entertainment is derived from the reading of a want, lost, and found ad list, by Jack Higgins. This scene ended with the singing of a song dedicated to the school by Fred Riley.

Two colored waiters, Amos, Jack Jones, and Andy, Edward Campbell, sang a humorous song about the class and various members of the faculty as the seniors enter the tea room. The master of ceremonies, Jack Trent introduced the orchestra and the following acts.

Solo by Ben Jenkins, "The Love Bug Will Bite You." Song by trio of girls including, Josephine Jenkins, Sara Nietsche, and Dorothy Frey. Vance Dufford played a violin solo, "Serenade In The Night." Miss Dorothy Blair entertained with a tap dance at this point, followed by, "Never in a Million Years," sung by Betty Woodring. Miss Mary Louise Kirkpatrick, played a piano solo.

Amos then favored with the solo, "Where Are You," after which Andy was called upon for a word of advice to the seniors.

Ribbing his class mates, Charles Mort fills the role of Class Knocker.

Gilbert Colnot was introduced as a famous inventor of radio mechanism. With his devices he fortold the futures of the graduates while taking the part of the Class Prophet. In this act he saw Esther Wolfe in a Mae West role, which was dramatized. WARNS SENATE DEBATE TO LAST FOR TWO MONTHS

(Continued From Page One)

Van Nuys predicted it would still be in session in September, unless the court bill is withdrawn.

"Personally, I am certain that whenever we reach a vote on the bill, the opposition will have sufficient strength to defeat it in its entirety," Van Nuys said.

It was apparent administration leaders hoped to avoid immediate consideration of the court bill. They wish to have congress act on all other pending measures first, so that once the debate starts, it will not interfere with other legislation. Besides, all appropriation bills, including the relief measure, must be passed before June 30, the end of the current fiscal year.

DRISCOLL-YOUNG WEDDING TODAY

Before an altar gleaming with lighted tapers, and flowers of the season, a very pretty and impressive wedding was held in St. Patrick's church, Hubbard, O., this morning, uniting in marriage Mary Virginia Driscoll, daughter of Mr. and Mrs. Herbert Driscoll, of Hubbard, and John Young, Jr., son of Mr. and Mrs. John Young of New Castle.

A large assembly of relatives and friends heard the exchange of vows with Rev. Father J. J. Carribine officiating at the ceremony at 10 o'clock. Miss Helyn Dantes, of Youngstown, a very close friend of the bride, attended as bridesmaid, and Joseph Young, of Cleveland, served his brother as best man. Robert Young and Thomas Driscoll brothers of the bride and groom served as ushers.

The bride was charming in a lovely lace en train gown, with long sleeves and high neckline. Her finger-tip veil was arranged in cap effect, trimmed with lillies of the valley. She caried a bouquet of pink roses and orange blossoms.

Miss Dantes was lovely in a pink chiffon gown with gathered sleeves and ruffled neck line. Crownless hat of horsehair trimmed with pink velvet, and pink sandals, completed the ensemble. She carried pink roses and lilies of the valley. The groom and his best man were dressed in white.

Mr. and Mrs. Driscoll received 50 relatives and friends at a breakfast at the Hubbard Country club. Out of town guests came from New Castle, Pittsburgh, Cleveland, Sharon, Youngstown and Warren.

Mr. and Mrs. Young left by motor late this afternoon on an extended trip for Toronto, Canada and other points of interest. For traveling, the bride chose a white gabardine suit, with black and white accessories. Both the bride and groom remembered their attendants with appropriate gifts.

Y., Mr. and Mrs. Louis Liswood, a bride and groom of Saturday, May 29, who have been spending a few days of their wedding trip here. She was the former Sylvia Schlosberg.

The ceremony took place in the home of the groom's parents, Mr. and Mrs. I. Liswood, 2850 West 28th street, Brooklyn, N. Y., in the presence of a group of immediate relatives and a few close friends of the young couple. Rabbi Harry Bashkin, officiated, and they had as their only attendants, Mr. and Mrs. Saul Mackenson, Brooklyn residents.

A beautifully appointed wedding dinner supplemented the impressive ceremony, and immediately following, the couple left for this vicinity.

The bride, a graduate of New Castle High school in '28, graduated from the Nurses Training School of the Grasslands Hospital in Vanilla, N. Y., and recently, she completed a course at the Washington School of Physical Education, Washington, D. C. After July 1, she will return to the Grasslands Hospital where she will continue with her physiotherapy work.

The groom graduated from New York City College, and holds a position with the Eberling Distributing Company in Brooklyn.

The reception was largely attended by friends and relatives of the bride, many coming from Cleveland, O., Butler, Youngstown, O., New York and Pittsburgh.

Last evening, Mr. and Mrs. Liswood left for Atlantic City and other points of interest, where they will spend some time before returning to their New York home.

STATE OFFICERS AT NESHANNOCK CHAPTER

Very prettily appointed and successfully carried through was the informal one o'clock luncheon given by Neshannock chapter, Daughters of the American Resolution in New Wilmington June 1, in honor of Mrs. Harper D. Sheppard, state regent, of Hanover, Pa., and part of her staff of officers.

Tables set for 30 guests amid attractive decorations of spirea and other flowers, intermingled with flags, were in the form of a "T" with the speakers' table at the head. Favors were unique place cards of blue and white, folded over dainty flowers.

Presiding at the head table was Mrs. W. C. Henderson, regent of the hostess chapter. The invocation given by Mrs. Margaret McClure was followed by the pledge of allegiance and the American Creed in which all joined.

After a brief address of welcome by the regent, she introduced Mrs. Sheppard, who in clear cut, concise words, gave an interesting and instructive talk on D. A. R. work, stressing particularly, approved schools, Ellis Island work and junior groups.

Mrs. Robert Birch of Reading, Pa., recording state secretary, spoke next, giving a fine talk about her duties. She was followed by Mrs. Laura McClure Good of McKeesport, state librarian, who made a strong appeal for all old records and books, particularly histories, for the organization. Mrs. Good was a former New Wilmington girl "come home."

Mrs. S. S. Smiley, of McKeesport, was introduced as the chairman of Junior clubs and she related progress along the line of Junior organization. Mrs. W. W. Campbell extended greetings from Lawrence chapter.

Words of appreciation with closing remarks, followed by the singing of "America," concluded the program, and a short social period was enjoyed by members and guests.

Neshannock chapter and New Wilmington felt highly honored in having the distinguished guests present at their meeting, and due largely to untiring efforts on the part of the committee, the day was a great success.

Committee members were: Mrs. R. F. Williams, Miss Dorothy Kirkbride, Miss Isabel Moore, Mrs. J. H. Lewis.

B. N. W. CLUB GUESTS AT HAWK RESIDENCE

Delightfully informal, was the meeting of the B. N. W. club members, held Wednesday evening in the home of Mrs. Arthur Hawk, Englewood avenue.

Cards provided the main pastime with prizes going to Mrs. Roy Smith and Mrs. George Hawk, at conclusion of play. The serving of a tasty lunch was the concluding feature of the event, the hostess using the small tables.

June 23, Mrs. Lawrence Nicholson of Hamilton street, will entertain at a similar meeting.

LAPISH-WALKER WEDDING IN JUNE

To announce the wedding date of Helen Lapish and Arthur Walker, a dessert-bridge was given in the lovely home of Miss Elizabeth Wallace, on the New Castle-New Bedford road.

Wednesday, June 16, was revealed as the time, the interesting news being cleverly disclosed to 16 guests when they found dainty corsages at their places in which were tiny cards. Lilies of the valley were the flowers used for the centerpiece and in the attractive favors, while at the place of the bride-elect, a large corsage of choice cut flowers accentuated the decorative theme. The hostess' sister, Virginia Wallace, who was home from Grove City college assisted with the serving.

Four tables of contract were in play afterwards, smart favors falling to Mary E. Wilson and Ingeborg Halgren.

The bride-elect was presented with a lovely booklet of verses which when she supplied the missing words gave a clue as to where to look for gifts. When these were found and opened, Miss Lapish was much surprised by a linen shower.

Out of town guests present were Mrs. Evan Campbell, of Bradford, Pa. (sister of the prospective groom) Martha Byers, of New Wilmington, (cousin of the bride-to-be) and Catherine Samuelson.

GOLDEN ANNIVERSARY QUIETLY OBSERVED

Mr. and Mrs. John Gregor of 1113 Summit street, who were married fifty years ago on May 30, quietly celebrated the occasion at their home this week, due to the illness of the latter. The day was a joyous one as their children and families and a few friends, called to extend congratulations.

Many beautiful flowers, the gifts of friends, decorated the rooms throughout, and other lovely remembrances were also received by the honored couple as mementos of the happy day.

WHITMORE HOME WEDDING SCENE

A pretty wedding was solemnized May 29, when Wanda Josephine Whitmore, daughter of Mrs. Thomas Lewis, 814 West Grant street, became the bride of Frank Wellbourne Turner, son of Mr. and Mrs. Frank Turner, 517 West Park Way.

Rev. W. W. Sniff officiated with the impressive ring service, the same as he performed 23 years ago for the groom's parents. Preceeding the ceremony, Earl Carbaugh, accompanied by Jesse Heckart, violinist, played "I Love You Truly," and "O Promise Me." The couple also played Lohengrin's "Bridal Chorus."

The bride was given in marriage by George Whitmore. She was attired in white lace satin gown with a high neck and long flowing skirt, and a band of lovely gardenias in her hair. She carried a bouquet of white roses and white snapdragons, tied with long white satin ribbon streamers.

A cousin of the bride, Elva Richards, was maid of honor, wearing a beautiful gown of American Beauty taffeta, with which pink roses and valley lilies blended. Attired in gold crepe gown, Mildred Simonton, of Clarksville, Pa., served as bridesmaid, and the second bridesmaid was Grace Richards, of Youngstown, who wore a pale pink organdy dress. Ralph Turner attended his brother as best man.

The ceremony was followed by a buffet lunch at the bride's parent's home with 70 guests taking part. An attractive seven tiered wedding cake, topped with a miniature bride and groom adorned the center of the bride's table.

Three generations on both sides of the family were present. Out-of-town guests were from Fort Wayne, Indiana, Middletown, O., Brookfield, O., Vienna, O. and Sharon.

RURAL REGISTRATION IN LAWRENCE COUNTY

BY VIRTUE of an act recently passed by the General Assembly of Pennsylvania all citizens residing outside of a city of the first, second or third class must register personally if he or she wishes to vote in the primary election on September 14, or the November election.

Among certain groups of rural citizens the act is not popular but the time is past for any discussion as to the merit of the act. It is now an established fact and any voter failing to comply with the provisions of the act will be prevented from voting.

The county commissioners of Lawrence county have set June 8, July 6 and August 10 as the days upon which the rural voters must present themselves at their voting precincts for the purpose of being registered. The registration is a permanent one so that rural residents will not have to register each year. Following those dates a voter can register in the court house until the close of business August 14. After that he CANNOT VOTE unless he has been registered.

The primary election on September 14, is of vital importance to all citizens regardless of party affiliation. On that day the major parties will nominate their candidates for judge, district attorney, register and recorder, sheriff and jury commissioners. These offices deal with the people of Lawrence county and are too important to be passed over lightly.

Every citizen of a boro or township in Lawrence county should register on one of the three days mentioned. Otherwise he will be denied his vote on September 14.

NO "IMPELLING NECESSITY"

Since he was one of the earliest supporters of President Roosevelt's plan to enlarge the Supreme Court through addition of younger members, Senator Pope's altered attitude possesses special significance. Mr. Borah's Democratic collegue from Idaho believes that recent liberal decisions by the court have changed the situation and removed any "impelling necessity" for adopting the president's proposal.

There has also been a noticeable waning of enthusiasm on the part of other senators who had been active in pressing the administration's plan. It is indicated that the court bill will be placed on the senate calendar this week. In view of the increasing opposition both in congress and throughout the country it would be wiser to drop it.

COLLEGES MERIT SUPPORT

Among the signs of economic improvement are the various campaigns being launched by educational institutions for construction and endowment funds.

Princeton Theological Seminary, for example, announces a drive for $3,000,000 with which to increase its serviceability as an educational centre.

It is to be hoped that this and other enterprises designed to enhance the offerings of private education will meet with a full measure of success.

Throughout the depression, America's private schools and colleges suffered severely from the reduced value of investments, as well as from a lack of money for purposes of material improvement.

These institutions are entitled to renewed financial support in direct proportion to the recovery of business and industry.

CALLING UP THE NORTH POLE

Even on one of the hottest and most oppressive days of this year optimists could find a cheering, cooling note in the news. For Tuesday recorded the opening of the first direct telephone service to the North Pole.

It is true that the service is not yet available to all, but a two-way radio telephone hookup enabled Soviet explorers at the top of the world to talk with their wives in Moscow.

When Byrd was at the South Pole he had a similar arrangement. But somehow in June's too-early torridity the North Pole more vividly arouses thoughts of happy men wrapped in furs and huddled about a roaring fire, of chilling winds sweeping across gigantic glaciers, of frost inch-deep on the windowpanes.

The time may still be distant when a perspiring resident here may reach for his telephone, call up the North Pole—the number will probably start with a zero—and listen to the whistling of the winter winds playing tag around the icebergs. The mere thought is refreshing when the mercury is trying to tap the top of the tube while humidity adds to humanity's discomfort.

LONGER WEEK-ENDS

Intellects can tell you what you are by what you read; gourmets by how and what you eat; moralists by what you say; politicians by how you vote, and recreationists by how you spend your week-ends. In week-ends nations mirror their character.

In the case of week-ending this will be more true in the future than in the past for we are in the process of making week-ends for more people and longer week-ends for all people. The five-day week promises to put the already large week-end industry in the front rank of our largest industries.

What will we do with it We have been partly prepared for it by six years of general unemployment and part-time work, six years in which a large part of the population has learned what leisure is.

There will be more week-end motoring. More building of cottages. More demand for suburban homes for quiet week-ends. More excursioning. More business for resorts catering to week-enders. More planting and gardening in suburban communities.

Say what you will about the American as a spender, the fact remains that he is about as thrifty a mortal as this globe has produced to date. Not many of the five-day workers will be content sitting out the other two days. Odd jobs producing a little extra money will be at a premium and will put a large share of the country's imagination and initiative to work.

The week-end was not made for fun in everybody's plan of living.

It takes two to make life miserable; one to have a sense of duty, and one to impose upon it.

Morganthau says income tax returns will be gone over with a fine-tooth comb, so the taxpayer might as well prepare for the worst. Next year the rules will provide that he must go over his return with a fine-tooth comb before filing.

The Parent Problem

By Garry C. Myers, Ph. D.

TEACHER GOOD SPEAKER

Not long ago, I served as speaker before a convention of teachers at Parsons, W. Va. The other speaker from a distance was Senator Josh Lee of Oklahoma. But neither he nor I made the best speech. A young one-room rural teacher, made it—Miss Virginia Wise. In part she said:

"The school I am teaching is made up of children whose parents are very poor. Most of the parents are on relief, and a few have not even that income. So, far the most part the home conditions are deplorable.

"When school opened last fall we opened our Health club before any other. We kept records not only of the daily attendance, but the reason for all absences. We found that most children became ill over the week end. We discussed reasons. Each child would contribute something. "I waded the creek." "I went out without a wrap." We appointed monitors to see that each child had his coat and hat on at play.

"Early in the school year, Mrs. Pell, the county health nurse, and her assistant examined the children. Each child made a record and checked his weight to see whether he had gained or lost.

"Another situation that faced me was the lunch hour. The children would get their lunches at noon and eat on the run (just as I did when a boy in the rural school.) Finally two older students and I hit on the idea or arranging a dining table out of the two tables we have in our room. Each child brought his knife, and fork, etc., and we secured two tablecloths. We prepared soups and warm drinks. Each child's lunch was placed on his plate by the student 'waitress.' The younger children ate first, after grace had been said. The children were taught, not always by me, to say "Please' and 'No, thank you.'

Discuss Diseases

"In health class I try to bring in the health of some of us in school, or the community around and we discuss the common diseases, their cause, prevention and cure. For instance, a pupil's little brother developed rickets. She told us in school all about the symptoms about what the doctor advised, and what they were doing at home for the child. All the other children became quite interested, and asked every day about the child. A man in the community was ill of hardening of the arteries. All the children knew this man, and he would talk freely to them of his ailment when he knew of their interest. He seemed to feel he was helping the school and was proud of it.

"I think I should mention also the clothing that has been donated this year to our school, without which many children would not have been able to get to school much of the winter. Many unselfish women have become interested in my children and have sent boxes and boxes of things to the children.

"Perhaps the best results of the year's work, is the little boy in my school named Howard, aged six, who when I asked him what he wanted for a little prize for perfect attendance said, "Det me a toot brush,' I nearly fainted."

I do not mind admitting that there was moisture in my eyes while I listened to Miss Wise, and even now as I write about it. "Thank God for such wonderful teachers.

REBELLIOUS PARENTS

This is a special article for parents of half-grown children—say from 12 to 15 years of age—and particularly those who live in cities.

All other parents may pass it by, those whose youngsters are still too young to go to dancing classes, evening parties, church clubs and such organizations, or who have grown beyond that half-grown stage and can go places and come home by themselves.

It is a self-pitying, loud-moaning article for a special group of adults who want their children to "have a good time' but who also want a little fun for themselves....No solution is proposed. This is, frankly, cry baby stuff in which a father complains that he would like to have a life of his own but doesn't expect to get it.

And I must know at least 50 parents who make the same complaint that I do, but can't supply any suggestion for improving the situation.

At one time or another, all of them have voluntarily remarked to me, or in my hearing, that they seem to spend most of their free evenings doing taxi service for their children.

They take them places early in the evening. Then they go home and read a little or talk with the rest of the family....And then after several hours, they put on their hats, get in the car and go after the children...They're glad their youngsters are able to have a good time, but they do wish it were possible without eating up so much of father's and mother's precious hours...They complain that it's reached a point where the parents can't make an engagement without first deciding whether it will interfere with the youngsters' social obligation.

And sometimes they'll feel pretty abused. They think back to other days when pa and ma came first and the children knew it. If father couldn't take them somewhere and they couldn't go alone, then they they didn't go—and they were unhappy about it but they didn't dare to complain. It was a solid obstacle, like a stone wall, and that was all.

But this generation of parents decided that the children don't owe anything to their parents but that the parents do owe nearly everything to the youngsters they brought into the world....I still believe that, but I'll confess there are rebellious moments when I wish I didn't.

DEAR MISS MARKEL—The woodwork in my house is cream-white. I am redecorating my home and have decided to paint my dining and living rooms a French gray? Would it be proper to have my woodwork in these rooms match the walls?—READER.

Answer—In Colonial houses the trim should be either white, cream or bluish white.

In modern houses the trim is usually painted to match the background of the wallpaper or paint. So you may paint your trim to match your walls, provided the color does not clash with that of the trim in your other rooms.

DEAR MISS MARKEL—I am considering having scenic wallpaper in my dining room. Is it permissible to hang pictures on such papers?—C. M.

Answer—Scenic papers are in themselves decorative. No objects of any sort—fixtures, mirrors or pictures—should be hung on them. These papers should receive the same treatment as do tapestries and paintings.

The World At A Glance

Youth Not Afraid Of Future.
Most Troubles Held Imaginary.
Don't Marry Unthinkingly.

BY LESLIE EICHEL
Central Press Columnist

YOUTH IS NOT AFRAID.

More marriage licenses are being issued now than at any time since boom days.

The Memorial day holiday brought an unusual rush.

Living costs are rising, the world is full of strife, the world is changing—and still young men marry young girls. And even the middle-aged, who have not yet tasted wedded bliss, join hands in wedlock.

"Who is afraid of the Big Bad Wolf?"

* * *

IMAGINARY?

Are the majority of our troubles imaginary? Are we taking fright at change because we are cowards? And do cowards lose all?

Well, the newer generation may think so. It came into a warlike world, a world plunged into chaos by standpatter oldsters — and it seems to welcome change, as a bit of fresh air.

All over the world it is like that. The heads of governments, except in England, are heads of their respective and varied kinds of governments merely because the Youth Movements have seized upon them as their heroes.

Roosevelt, Blum, Mussolini, Hitler, Cardenas, even stalin, came at a psychological time.

Beneath the surface, the New Dealer, the Left Winger, the Nazi, the Fascist, the Socialist, the Communist is a Youth leader. The political expression may be different, but the basis of power is the same.

* * *

SWING ON, SWING ON!

And the cry of Youth is "Swing on, swing on!" In the merry dance of life, we see the swing away from the old, from the capitalistic era to some new era, perhaps not much better. Feudalism fell before capitalism, with religious flareups (always dangerous) as a side issue. And here we seem to have it again.

That anybody or any groups can stop these swings, which seem as trenchant as the swing of an universe itself, seems out of the question. There may be attempts, with wars virtually exterminating entire segments of the population, with even nations wiped out, but the swing will go on.

And with more marriages, more youth born into the world, the swing will increase in tempo, rather than decrease.

We are an infinitesimal part of this vast universe, thus is it not possible that our lives must be regulated to the sway of the gigantic pendulum that is governed by no boundaries, no rituals, no laws — except those of the infinite itself?

* * *

MANIFESTATIONS

As one goes among steel workers on strike—thousands of them—he observes the Youth Movement rising to the surface there, as if the yeast had just fomented the ingredients into a complete whole.

A few months ago each man here was a separate element. Today he is part of a whole — a militant whole.

One feels that the manifestatoes issued by corporation heads are but paper darts fired with ancient weapons at an oncoming future.

* * *

MARRY—AND THINK!

One observes, too, that the youth wedding now do not go away in a jolly devil-may-care mood. They plan, they organize, they think.

But they do not fear change or the future.

They will live through a very interesting age. Those who oppose them are doomed.

The World AND THE *Mud Puddles*

FIRE TRAPS

The Sheridan Street School in Hollenbeck Heights, Los Angeles, burned to the ground one Sunday in April. It was a great school building, occupied by more than one thousand school children when school was in session. It was a fifty-year-old firetrap, built entirely of wood and built just as school buildings were built fifty years ago when the builders knew so little concerning fire prevention.

Only the grace of the Almighty kept the Hollenbeck School from burning on a week day, when all of those young lives would have been imperiled, and the world would have perhaps read another story like that of the New London, Texas, disaster.

With all the money that has been spent in this country by way of rebuilding such school houses, it is hard to understand why such firetraps are permitted to remain in use.

This particular disaster was not without its humorous side. A man running to the fire saw a small newsboy sitting listlessly on the curbing. He stopped and said, "Why aren't you going to the fire? Can't you hear the engines?"

The freckled-face urchin squinted up his bright eyes and said mournfully, "It ain't my school. To hell with it."

Just Folks

THOSE CANDID PICTURES

Time was when you had to look
Slick to have your picture took;
Women dressed you up and spent
Hours on you before you went
To the photo fellow's place;
Made you shave and scrub your face;
Plaster down your hair and throw
Back your coat so you could show
Stretched across your vest and plain
Your Masonic charm and chain.
Then the bulb was never pressed
Till you looked your very best.

Then the camera fellow stood
Eyeing you, as if he could
Change your face. He'd fix your tie,
Prop your head and chin up high;
Tug your vest and press it down;
Tell you not to wear a frown
And he'd rest and wait awhile
Till he caught you with a smile.
Then he sold you cabinets small,
And a "life-sized" for the wall
You could be remembered by
Should you ever come to die.

Now these candid fellows take
Pictures of you eating cake,
Coughing, sneezing, and you look
Like you were some wanted crook.
They sneak on you unaware
When you haven't brushed your hair;
When you're scratching of your head
Thinking over what's been said.
I remember there was one
Took me with my old clothes on
Working in the garden. He
Said that's how he wanted me!

At your best they took you first,
Now they get you at your worst.

Today's Yesterdays—June 3, 1657—William Harvey, first to establish the circulation of the blood, bled to death!

Harvey had revoluntionized medical learning, but he still held on to superstitions himself. When he awoke on this June morning and found his tongue palsied, he had an apothecary called to bleed him from a vein under the tongue. The treatment killed the weakened 79-year-old man.

June 3, 1740—Jetho Tull died at 70, one of the greatest and least known benefactors of mankind. He was a law-trained English city man whose ill-health compelled him to become a farmer, perhaps the first "scientific" farmer.

Tull invented drill-sowing and was the first notable advocate of frequent hoeing, introducing the practise of sowing in rows sufficiently wide apart to allow for tillage by plow and hoe during the whole period of growth.

Adoption of these two epochal improvements in agriculture were opposed by both farmers and farm-papers in England!

June 3, 1871—Jesse James made outlaw history. He rode into Corydon, Iowa, with his gang to rob the county treasurer of the tax collections. To get the lay of the land, he walked into the treasurer's office with a $100 bill and asked for change.

"Haven't got it," he was told.

Simms Campbell Is Winning Fame

Only Negro To Attain Recognition In Top-ranking Magazines Of Nation

LIVERMORE IS IN RETIREMENT

By O. O. McINTYRE

NEW YORK, June 3.—The illustrator E. Simms Campbell is the only Negro to achieve recognition in top ranking magazines. Such as Cosmopolitan, Esquire and the rest.

O. O. McIntyre

His flair is for the pretty debutante against the drawing room background. He uses models of his own race for white delineations.

A very serious-minded young man, he occupies a studio and home in The Dunbar, an apartment house built for his race in Harlem. His wife is his constant companion and often poses for him. Much of his ability to paint and draw comes naturally although he has studied prodigiously.

Just now he is anxious to lay aside enough to study awhile in Paris and Florence. His first commercialized efforts were drawings he sent out by mail as he feared his color might be a hindrance. But he found no such attitude exists among art editors.

He is now receiving the same pay for his work as ranking artists. Many colored folk have shown a talent for the drawing board that was never marketed. Bert Williams was a deft caricaturist and the late Florence Mills did some creditable water colors.

Culinary scoop: I have the recipe for the pie dough that has made the crust of Mrs. Frank Menke's pies the admiration of every celebrity who has put his feet under the Menke table. Tad used to drool just talking about it and Babe Ruth would often invite himself to share in the gustatory joy. Anyway here's the secret. Before mixing water with pie dough, add one tablespoon of olive oil to water. Then stir into dough in usual way. One tablespoon of oil is sufficient for pie for four people. Increase to ratio.

No one ever rose more spectacularly in Wall Street than Jessie L. Livermore in the sky-rocketing days when he was known as "the fair haired boy of the markets," and from which dizzy whirl he plucked fabulous fortunes. He was a head-turner in the cafes and at big sporting events. One of the outstanding celebrities. Then came his reverses, losing a fortune today and regaining it tomorrow until the final crack-up. Then he dropped out of sight. But he's in circulation again. Now and then he is seen on the avenue going to a building where he maintains offices. He sends out for his lunches and is no longer on view at first nights or other spots where he was so long a personage.

Bill Robinson, the deservedly popular Bojangles of Harlem, can neither read nor write. When he appears as a guest star on the radio the studio warns script writers not to change his dialogue or cues because he has already memorized them from the script reading. He has an uncanny memory and after lines are read to him twice he never forgets. While he is not sensitive to friends knowing of the educational lack for which he was not to blame, he doesn't care to have the studio audiences know, and always appears before the microphone with the script in hand. His mentor is Jesse Owens, the sprinter, whom he admires greatly because of his college education. Owens reads and rehearses the stuff with him.

I lived at an uptown hotel where Shoeless Joe Jackson of the Chicago ball team put up when in New York. He could not read nor write but had been taught a scrawl that could be deciphered as his signature for registering. In the dining room he ate with a fellow player who knew of his deficiency, but Jackson always studied the menu carefully as his friend wrote out their orders. In the evenings he would sit in a conspicuous place in the lobby as though earnestly reading an opened magazine.

Thingumbobs: The Arthur Samuels are motoring in France this summer . . . Irving Hoffman with whiskers would be a ringer for Joseph Pulitzer as a young man . . . Hannen Swaffer, fiery London critic, has written a play with a spiritualistic theme . . . Jed Kiley who started the night club vogue in Paris has visited only two night clubs in America . . . Andre Maurois thinks no food is so inspirational to writing folk as hot onion soup . . . Jim Tully is writing a book of hobo verse . . . Grover Whalen was selected by a London tabloid as New York's best dressed Coronation visitor.

Speaking of illiteracy, Kin Hubbard's pet story concerned the illiterate in an Ohio town who ran a drug store speakeasy. One of those places with a window full of empty corn salve boxes and nothing behind the prescription case save a barrel of whiskey. Every morning the proprietor would sit out front as the town went to work, professing to read the Cincinnati Enquirer. One morning as he held the paper upside down upon which was the picture of a battleship just launched, a passerby called: "What's the news today Uncle Billy?" It was during the Spanish American war and holding up the upside down newspaper, he replied: "Those Spanish scoundrels have sunk another battleship!"

Conditions at the Almira Home for Aged Women have won the praise of Secretary of Welfare John D. Pennington, who commends the board of directors of the Home very highly for the splendid conditions found on a recent visit to the home by a representative of the department.

The letter of Mr. Pennington which was received recently by Mrs. H. C. Harper, president of the board, is as follows:

Mrs. H. C. Harper, President,

New Castle, Pa.

The report of our representative who visited the Almira Home recently has been called to my attention.

It is satisfying to learn that the aged guests in this home are comfortable, happy and contented.

Inside decorating the past year has naturally improved the appearance of the interior and I hope you may see your way clear in the near future to go ahead with the exterior painting project you have been planning.

The prompt installation of the emergency lighting system as recommended by the department of labor and industry is commendable.

Assuring you of the continued interest of this department in your home for aged women, I am

Respectfully,
JOHN D. PENNINGTON,
Secretary of Welfare.

Comes June and most of the lawyers of the Lawrence County Bar Association become stricken with the hoof and mouth disease. They hoof around all Wednesday afternoon and mouth about their scores all the next week. Wednesday afternoon is a legalistic holiday with them and on Wednesday afternoon of this week the golfing lawyers, of which there are many, travelled to Beaver county to engage the better minds of Beaver, Butler and Mercer counties in a four-county match, the first of the season.

Matches will be played all summer with the barristers visiting each of the counties and playing nineteen holes in every match.

Asking that the informations against them be quashed, three women charged with being inmates in the recent raids on Moravia street, have petitioned the court through Attorney Edwin K. Logan. The petition sets out that they are charged with being inmates of houses located at various addresses and that there is nothing in the charge to warrant an indictment. The court will hand down a decision probably before the grand jury meets next Monday.

Some fifteen or twenty people accused of crime can't wait for the grand jury. They have entered pleas and will be sentenced Friday morning at 9 o'clock. This will reduce the number of cases to come before the grand jury.

In the office of Prothonotary and Clerk of Courts Edgar the following actions have been laid:

James W. Johnston files an action to revive a judgment of $1,097.67 against Ruth Brinton, Harry L. Brinton and John T. Brinton, with interest from May 10, 1937.

Bernardine L. Mariacher, of New Castle, asks a divorce from Edward F. Mariacher on the grounds of desertion. They were married September 25, 1923.

C. E. Wilkins, of New Castle, asks a divorce from Mattie Rhode Wilkins on the grounds of indignities to person. They were married on November 14, 1925.

Carl Becker has appealed a judgment out of the office of Alderman L. Claude Mantz. The action was filed by Eugene Callahan for wages alleged due of $146. The alderman awarded $95.

Despite the fact that the job pays $8.00 per day, nobody in Edenburg seems to want the job of registrar for the registration of voters in that vicinity. Thus far none have been appointed and the first registration day is June 8. A meeting of all registrars will be held in the court house Thursday night.

Cherry Street Bridge Work In Shenango Is Large Contract

There's a beauty operation of Gargantuan proportions going on in the seventh ward at the present time. Mrs. Shenango River (Madame Shenango to you) is having her face lifted, her nose straightened, and several blemishes removed with a clam shell bucket.

It's a nice bit of an operation they're performing at the Cherry Street bridge. Out in the stream are huge piles of gravel and dirt that have come from the river bed and looking for all the world like a few ant hills magnified several thousand times.

Upon the banks of the stream are boulders, huge jagged fellows weighing a half a ton each in many cases, scattered over the landscape like peanut shells on a theatre floor.

The work is being done by the Works Progress Administration in conjunction with the county commissioners. When the job is finished old Madame Shenango will have been pushed 100 feet east from her present west boundary, a dike will have been built, after the plan of the Pymatuning Dam breastworks and the Cherry street bridge will have been saved.

The dike will be 100 feet wide at the bottom and slope to 25 feet at the top. It will be about 15 feet high and riprapped on the inside. As a result of the dike an area of land 950 feet long and an average of fifty feet wide will have been reclaimed from the river.

Years ago some one built a house back from the river bank about 50 feet. There was a yard at the back of the house with room for a garden and play spot for the children. And about that time Madame Shenango went on the war path.

Through the years she has been biting away at the banks at this spot and had the present work not been started, about one or two more high waters and the house would have been in the river and probably the bridge also.

It is a large order, improving the looks of Madame Shenango. They are pushing the channel away out from where it has been, and they believe when they are finished they will have the old lady pretty well under control.

Maybe they will. Let's hope they will. But if you know Madame Shenango, you'll know that now and then she gets mighty irritable and at times like that she ups and kicks everything in her way out of her way. Several times in the past fifteen years she has got downright mean and taken a part of the bank on down to the Gulf of Mexico.

But this time they think they have the old lady handcuffed.

(International News Service)

EAST PROVIDENCE, R. I., June 3.—Less than two hours after he had been divorced Wednesday, David C. Francis, 38, killed his brother-in-law, Victor Gioodano, attempted to kill his former wife, Mrs. Clara Nuzzo Francis, who escaped when the pistol jammed, then took his own life.

Gioodano, 34, was fatally wounded by five shots when he struggled with Francis, who then aimed point blank at his 27-year-old former wife. When the gun failed to go off, he dashed into the basement and fired a bullet into his head.

Defense Fund Is Raised For Elder

(International News Service)

GREENFIELD, Mass., June 3—Keeping their identity secret even from the man they seek to aid, anonymous friends, have banded together and raised a $25,000 defense fund for Thomas E. Elder, 65, retired dean of Mt. Hermon school for boys, charged with a shotgun assault upon S. Allen Norton, retired school cashier.

A group of men and women, prominent socially, it was learned Wednesday, gathered secretly at a private home and raised the defense fund.

Authorities paid little attention to Elder's plea that he be subjected to a "lie detector" test to prove him innocent of the charge against him.

State police detectives continued their reopened investigaiton into the shotgun slaying of Dr. Elliott Speer, headmaster of Mt. Hermon school, who was shot to death in the study of his home on the campus September 14, 1934.

Riot Victims Being Buried

Funeral For Five Killed In Chicago Steel Battle Held Today

STATE'S ATTORNEY HUNTS INCITERS

(International News Service)

CHICAGO, June 3.—Striking steel workers assembled under police surveillance today for the funerals of five of the six men killed Sunday in the bloody riot at the Republic Steel company plant in South Chicago.

While the strikers were gathering for the group funeral the state's attorney's office announced that a search was under way for six leaders of the committee for industrial organization whom prosecutors accuse of inciting Sunday's march on the Republic plant which resulted in the riotous clash with police.

The sixth riot victim, Kenneth Reed, for whom services were held yesterday, will be buried at Marion, Ia.

Look For Agitators.

Several hundred extra police were detailed to observe the crowd at the funeral, and the state's attorney's office assigned men to look for "agitators".

Prospects of intervention from Secretary of Labor Perkins were seen as the strike entered its second week in the plans of the Inland Steel company, Youngstown Sheet & Tube company and the Republic Steel company.

It was reported that Secretary Perkins might authorize conciliators to attempt to bring the employers and striking employes together today inasmuch as the National Labor Relations board decided to delay plans for an election among the strikers.

Chicago, June 3.—Massed thousands today turned the funeral services for three of the strikers slain in the Memorial Day riot into a gigantic union demonstration as the seventh victim died from his bullet wounds.

A throng of 500 men, women and children, waiting since dawn at the crepe hung hall in South Chicago had swollen to many thousands an hour before the services started.

Police roped the street off from traffic and the long single file of mourners passing before the caskets stretched for blocks. The officers later departed, and left the funeral to be handled by CIO chieftains. A reserve force of 78 was maintained at the nearby station house, however.

The cars were operating in different directions when the accident occurred. The car owned by Steffey upset, it was said.

Mrs. Amanda Parker, wife of Donald, received lacerations as did Mr. and Mrs. Leslie Champion, Monaca, who were riding with Parker. They were treated at Jameson Memorial hospital.

Y.M.C.A. To Open Swimming Drives

Annual 'Learn To Swim' Course Opens June 14, Meermans Says

Hoping to contribute some part in preventing drownings in the New Castle district during the vacation months ahead, the New Castle Y. M. C. A. today announced that within a few days it will launch its annual free "learn to swim" campaign and later its customary "nickel swim" program.

General Secretary R. L. Meermans indicated the "Y." programs would strive even more to equip youngsters with the rudiments of the art of swimming.

"Memorial Day opens the swimming season and dangerous days are ahead,' said Mr. Meermans. "We want to help all we can in preventing drownings in this district. Every year we make some contribution to this end."

Meermans quoted Dr. John Brown, Jr., national "Y." physical director, as estimating that 3,000 boys a day will receive training in swimming and life-saving in the nations "Y." pools.

In the 1936 "learn to swim" classes almost 500 boys received instruction under competent instructors and that goal—492 to be exact—will probably be surpassed this year. The registration for the coming 10-day course will open shortly, Activities Director Henry MacNicholas said.

The "learn to swim" instruction starts June 14.

The companies agreed to take a certain percentage of the receipts and give the city a certain percentage of the receipts until the company has received $58.00 when the meter will become city property.

Dizzy Refuses To Sign Apology To National League President

By LAWTON CARVER
International News Service Sports Writer

NEW YORK, June 3.—Indefinite suspension of Dizzy Dean remained in force today when the star pitcher of the St. Louis Cardinals refused to sign an apology to National League President Ford Frick and others whom he had been quoted as attacking.

Dean made an emphatic and blanket denial of statements attributed to him, but refused to publicly apologize, according to a statement issued by President Frick after a conference lasting more than two hours.

"I don't know what I'll do now," Dean said as he left National League headquarters. "No, I don't know whether I'll appeal to Judge Landis or not.

"But I'm not worried. Why should I sign anything? I'll just take it easy for awhile."

New Castle Lady Declares It Has Been A Long Time Since She Could Enjoy Meals Because Of Gas, Sour Stomach, Bloating And Other Disorders Attributed To Constipation. Praises Vendol For Grand Relief.

MISS JOSEPHINE SHULER

Many of the men and women who praise Vendol so highly are those who haven't enjoyed their meals for years because they always suffered afterwards. Miss Josephine Shuler who has resided in New Castle all her life where she is well known and highly esteemed by all who know her, is now adding her name to the long list of widely known local people who owe their new health to the Amazing New Medicine VENDOL. She says:

"I had been bothered with constipation quite a while, which caused all my troubles and resulted in indigestion. The past year had been a terrible period for me, as it was just about one year ago that I first began to suffer with a gassy, bloated stomach which finally led into about the worst misery you ever heard of. It got so it felt like every meal I ate would lodge at the top of my stomach in a hard, heavy chunk and oh, the suffering it caused me! I would bulge and bloat out with gas until I thought I'd burst. Had gas pains that were simply terribly.

"My tongue was coated, breath bad, often felt dizzy and had awful headaches. I felt nervous and irritable and couldn't sleep right due to my suffering.

"I tried different medicines with very little results till recently I heard about Vendol and the little Vendol laxative tablets, so got started on this medicine and will say I never found such a medicine before. "It relieved my constipation and then cleared so much gas and acid fermentation from my stomach organs that I've gotten relief from that awful sourness, bloating and gas pains. It is a pleasure to sit down and eat anything that is put on the table and never suffer later on."

SCHOOL FOR HUSBANDS

(International News Service)

Marrk C. Schinnerer, director of adult education in Cleveland public schools, proposed at a meeting of the staff of Superintendents Charles H. Lake, a course that would train for a family life both prospective and confirmed husbands. It would teach them:

How to drive nails without banging their fingers.

What to do about the kitchen tap when it persists in dripping.

How to help a helpmate wipe the dishes without splattering water on the floor.

How to hang a door without hanging oneself.

How to avoid electrocution while repairing the wire on the electric iron.

"Wild revolt in Congress" says a headline, meaning the boys talked big before doing as the President wished.

"Soften the nails by holding them in hot water," says a beauty hint. So that's the reason men are getting soft.

Delay Renewing Dance Licenses

Mayor To Have Conference With Owners Of Dance Places That Sell Liquor

Mayor Charles E. McGrath stated today, that pending a conference with proprietors of places which sell liquor or beer, licenses to operate dances which have expired will not be renewed.

The mayor said this morning that none of the proprietors, upon being refused a renewal by the chief of police, Ralph Criswell, had conferred with him. The licenses granted by the city expired May 31.

A proprietor must have a state license and also a city license. They pay $15.00 a year to the state and one dollar per day on every day dancing is permitted to the city.

The situation does not apply to bonafide dance halls or places in which dance floors are separate from the room in which liquor is sold, it was reported.

HAPPY RELIEF FROM PAINFUL BACKACHE
Caused by Tired Kidneys
Many of those gnawing, nagging, painful backaches people blame on colds or strains are often caused by tired kidneys—and may be relieved when treated in the right way.
The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. Most people pass about 3 pints a day or about 3 pounds of waste.
If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, lumbago, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness.
Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

Enjoy this Happy Event!

Report Picket Is Wounded At Niles

(International News Service)

NILES, O., June 3.—A steel strike picket was shot and wounded today in one of a series of skirmishes at the strike-bound plant of the Republic Steel Corporation here, according to police.

They identified the wounded man as Steve Young, 55, treated at St. Joseph's hospital, Warren, for buckshot wounds.

CIO leaders charged Young was shot in the side by a company guard when pickets attempted to prevent six non-union workers from running the blockade into the plant. Two men had succeeded in running the picket line but four others failed and police escorted two of them to their homes as a precaution against violence.

Another Lecture On Holy Lands Is Heard Last Night

Another illustrated lecture on Palestine was delivered in Calvary Gospel Tabernacle Wednesday evening by Rev. Milton Lindberg of the Biblical Research Society, who spent four years in that interesting land.

Rev. Lindberg, from his store of vital information concerning the Holy Lands, spoke of the splendid progress made in Palestine since the start of the Zionist movement; a dam and power plant has been built on the Jordan he said, a 600-mile oil pipe line has been laid from Mesopotamia, forests hav been planted and so forth.

Tonight the visiting minister will show pictures from newspapers which he states are evidence that the current news of the day confirms Bible prophecy.

Guest Evangelists Draw Evening Crowd

The gospel meetings in the City Rescue Mission continued last night before an even larger crowd than the first night as the Allem trio and Miss Helen Miller presented the second in a series of six musical messages.

Members of the party moved from instrument to instrument as they presented a fast moving musical rendition of the "Names of Jesus". From both the old and new testaments the quartet of players brought forth the various names of the Promised One. The trumpet pealed forth the opening message as Price Allem challenged the audience with the message, "All Hail the Power of Jesus' Name", after which in beautiful contrast the deep and soothing tones, of the marimba were heard softly in "Jesus, Oh How Sweet the Name". Other numbers followed quickly, giving in more detail the names of Jesus. Price Allem then spoke on the "Two Classes of Men". The services continue tonight.

Horn Blowing Is Halted By Police

Chief of Police Ralph Criswell today gave students celebrating Class Day a "break." And they appreciated it.

This morning the students, in automobiles with horns tooting, visited the different sections of the city.

The noise was loud and immediately the chief sent officers to make an investigation.

Several of the boys were asked to visit the chief.

He told the students that it was against the city law to make such a racket with their horns.

"Say, Chief, this is Class Day—a big day in our lives," one of the students told the chief.

"I guess you're right. We understand how you feel so everything is all right, only don't blow your horns any more, please?" the chief asked.

"Okay, Chief," responded the boys in a chorus and they departed to continue the celebration minus horn blowing.

Discuss Future For President

Washington Writer Wonders What President's Strength Will Be In 1938

CONGRESS VOTE MAY PROVE TEST

Central Press
Washington Bureau
602 Times-Herald Bldg.

By CHARLES P. STEWART
Central Press Columnist

WASHINGTON, June 3. — Next year's congressional elections are interesting to contemplate in advance.

Will their result prove that President Roosevelt retains all the popularity he demonstrated in 1932, 1934 and 1936? — or that he has suffered a disastrous slump?

His party is split wide open on Capitol Hill.

But do the Capitol Hill politicians truly reflect rank-and-file national sentiment? They are supposed to be clever at assessing trends of opinion in their respective constituencies. Are they as clever as usual, however, in the present case?

The president is superbly clever, too, at reading the voters' collective mind.

Is he in error this time, for once? Or are the bolting lawmakers (particularly senators) the ones who are mistaken?

Only the 1938 elections can tell.

* * *

CONFUSION NOW

The situation has jumbled itself almost too rapidly for the human mind to analyze.

Last November's verdict at the polls indicated that "F. D." had the solidest country back of him since George Washington's day. It was a verdict which Democrats in both houses of congress accepted unquestioningly as an overwhelming Roosevelt victory. A mere six months later these same Democrats in the senate (not so many in the representatives' chamber) are, nearly half of them, in vicious revolt against Rooseveltian leadership.

The executive mansion's supreme court policy started the row, but it is spreading to include other administration policies.

* * *

IF THERE IS REVOLT—

Nevertheless, can President Roosevelt, predominant as his philosophy appeared to be so recently, have lost ground appreciably now with the voting masses?

The answer one hears is that President Wilson appeared as predominant as could have been desired until he uncovered his League of Nations' program—and then could not put that program "across."

To be sure, Wilson was not re-elected in 1916 by any such majority as Roosevelt was re-elected in 1936.

Nevertheless, Wilson was re-elected, though skimpily, by his own party, and his own party subsequently turned against him. Roosevelt was re-elected overwhelmingly—but is his party turning against HIM?

If a president is turned against, what does it matter?—whether he is turned against by a small majority or a large one?

* * *

A MIXED MAJORITY

President Roosevelt does have this advantage.

When President Wilson was turned against by his small majority he did not have any minority group to come to his rescue; HIS bolters joined the Republicans and the combination licked him.

It may be, on a test at the polls in 1938, that pro-Roosevelt Democrats and pro-Roosevelt Republicans will prove to be a pro-Roosevelt majority.

A mixed pro-Roosevelt majority, in short.

That will make two new political parties. They have been in the making for a long time.

The try-out impends in 1938.

Lay Cornerstone Friday Afternoon

Ceremony To Take Place At Pitt Cathedral At 4 O'clock

(Special To The News)

PITTSBURGH, Pa., June 3.—Ceremonies of laying the cornerstone for the Cathedral of Learning, one of the many events of the University of Pittsburgh's sequicentennial celebration, will take place in the great Commons Room of the Cathedral tomorrow afternoon, (June 4) at 4 p.m.

The cornerstone, a gift to the University by this year's senior class, will have sealed in it records which are to last at least 500 years, due to the fact that architects and contractors guarantee that the Cathedral materials are good for at least that period of time.

George H. Clapp, president of the Board of Trustees, will preside at the ceremonies. Speakers include Chancellor John G. Bowman, Mayor Cornelius D. Scully, and Dr. Hugh Thompson Kerr. Dr. Boyd H. Edwards, Church of the Ascension, will deliver the invocation, and Dr. William J. Reid, First United Presbyterian church, will pronounce the benediction.

Musical numbers by the University men's glee club will be under the direction of Professor Theodore M. Finney. Charles Rogers, representing the senior class, will present the cornerstone to the University.

Tax Collection Better In City

Ten Per Cent Higher This Year Up To First Of June Says McKibben

City Treasurer C. C. McKibben stated today that tax collections this year up the June were approximately 10 per cent larger than for a corresponding period last year.

He said that June is the last month for the payment of city taxes at face and stated that one percent penalty will be added July 1 on 1937 taxes.

City taxes for 1936 are payable this month at the city treasurer's office but on July 1 they will be fied with the city solicitor.

There is a one percent discount on 1937 school taxes.

McKibbon added that the mercantile books are now in his office and mercantile license fees are payable this month at city treasurer's office.

WAKE UP YOUR LIVER BILE—
Without Calomel—And You'll Jump Out of Bed in the Morning Rarin' to Go
The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You get constipated. Your whole system is poisoned and you feel sour, sunk and the world looks punk.
Laxatives are only makeshifts. A mere bowel movement doesn't get at the cause. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up". Harmless, gentle, yet amazing in making bile flow freely. Ask for Carter's Little Liver Pills by name. Stubbornly refuse anything else. 25c.

TAKE WEIGHT OFF TIRED FEET
Lose Fat The Easy Way—Without Starvation Diets, or Back-Breaking, Bending and Rolling Exercises.
If your feet and ankles feel tired and ache all over—because you are carrying too much fat—do something about it. Try the treatment that has helped millions to reduce excess weight.
There's a reason why so many people find dieting slow and often times futile in reducing. The reason, doctors say, is often because a little gland is not working right.
All the blood in your body goes through this tiny gland sixteen times every day. If it doesn't pour into the blood stream about one and one-half drops of vital fluid every 24 hours, many people take on ugly fat. This fluid helps Nature to "burn up" excess food and fatty tissue in much the same way as a good "draft" acts in a furnace.
Now, physicians combat this condition by feeding this gland the substance it lacks—and millions of pounds of excess fat has been wiped out in this way.
Marmola Prescription Tablets are based on the same method used by doctors. So don't waste your time or money striving to reduce with starvation diets or back-breaking exercises. Start the Marmola treatment today that millions have used successfully to get rid of excess fat. The formula is in every box so you know just what you are taking. Don't wait—get a box of Marmola today from your druggist.

THREE-CORNERED SENATE LEADERSHIP BATTLE

Expect Robinson Will Be Judge

Harrison, Barkley And Byrnes Seek To Become Senate Leader

VAN DEVANTER IS THROUGH IN COURT

By WILLIAM K. HUTCHINSON
International News Service Staff Correspondent

WASHINGTON, June 3.—A three-cornered race for the Democratic leadership of the senate was being staged under cover today in belief President Roosevelt will name Senator Joseph T. Robinson of Arkansas to the supreme court to succeed the retiring Justice Willis Van Devanter.

The justice's retirement, submitted two weeks ago, became effective Wednesday as the supreme court stood in recess until October. The 78-year-old Van Devanter, a member of the court since December, 1910, retired to a 787-acre farm near Ellicott City in nearby Maryland.

The Robinson appointment was anticipated on Capitol Hill. His friends appeared uninformed whether he would be named immediately or his appointment delayed until after congress adjourns. His friends concede there would be no advantage to the president to make it now when the court is in recess and when a battle over a new leader might jeopardize the administration's legislative program.

Race For Leadership.

The trio in the race for senate leader are Senators Pat Harrison of Mississippi, Alben W. Barkley of Kentucky and James Byrnes of South Carolina. All are close friends of the president and have handled various legislative matters for the administration in the past. Harrison was conceded some advantage because of his seniority. He has been a senator since 1919, Barkley since 1927 and Byrnes since 1931.

Van Devanter doffed his judicial robes after serving on the federal bench for 34 years. He first became a judge in 1903 on the eighth circuit court of appeals. In 1910, President Taft elevated him to the supreme court. He may resume occasional judicial service on various circuit courts of appeal, as stipulated in the new judicial retirement act.

Old Timers At Volant Will Be Welcomed Back

Plans Are Started For Annual College Reunion And Home-Coming Day

EVENT OCCURS ON JUNE 30TH

With the ranks of the former teachers and students at Volant College being thinned by the hand of time, the founders of the Volant College reunion are turning the event more and more into an Old-Home Coming for former residents of the community. On the date of the Volant College reunion, June 30, it is expected that many more former residents of the community will return for the annual reunion.

Attorney Harvey E. Martin, of this city, president of the Volant College Association, announced today that committees are being appointed to take care of the arrangements for the event, and invitations will be extended this year to every former resident of the community who is known to the association, to return and join with them in the program of the day.

The reunion will take place on the old college campus and the program will be mostly informal in its nature, a period being given to a brief business session and program before and after which, the old-time residents will be given an opportunity to get together and renew old acquaintances.

Dinner, the kind the Volant women are famous for, will be served at noon by the ladies of the Presbyterian church, and every effort will be made by the committee to make this year's reunion the most successful that has yet been held.

In addition to President Martin, the officers of the association are Miss Olive M. Clinefelter, recording secretary; Mrs. Scott Hamilton, corresponding secretary; Alex McConahy, treasurer; and Miss Mary Minnehan, chairman of the Memorial committee.

DOUBLE WEDDING CEREMONY TAKES PLACE IN FRANCE

(Continued From Page One)

ance before his ecclesiastical superiors for a rebuke and perhaps more.

For until the last, the hierarchy of the Church of England kept its face stonily set against condoning the marriage of the man who was for a year Britain's king and the woman, twice divorced, for whom he abandoned his heritage.

Only four persons in addition to the little mayor of Monts witnessed the civil ceremony in the crimson-brocaded Louis XIV. Salon of the chateau.

But forty-eight were present in the flower-banked music room where the Rev. Jardine united the blue-clad Mrs. Warfield and the Duke in religious marriage.

Sixteen Invited Guests

They included sixteen invited guests, a list made notable by the fact it contained the names of no dignitaries or members of the peerage for the British government had ruled against it, officials of Tours and Monts who had paved the way for the wedding, and a handful of newspapermen and photographers.

Standing before an improvised altar fashioned of a massive oaken cabinet from the chateau's furnishings and draped with a cloth of white satin, the Rev. Jardine read from his prayer book the time-honored words:

"We are gathered here together in the sight of God and in the face of this congregation to join together this man and this woman in holy matrimony."

The Church of England service then calls for intonation of two stern and forbidding paragraphs dealing with the sanctity of marriage and the "carnal lusts" it was instituted to overcome.

Skips Passages.

The Rev. Jardine surprisingly skipped these passages although they are an integral part of the church rites—rites that the Archbishop of Canterbury strove vainly to deprive the former king and his bride from observing.

Then came the words, old but ever new:

"Wilt thou, your royal highness, take this woman as thy lawful wife?"

And:

"Wilt thou, Wallis, take this man as thy lawful husband?"

There were tears in Mrs. Warfield's eyes as she answered "I will".

Outside the gates of the chateau a crowd of several hundred, apprised of the fact that the man and the woman whose every movement for months has been watched by a keen and avid world, had at last been married. A great cry of "long live the duke and duchess" went up, and was multiplied again and again when the newlyweds posed on the steps of the chateau for photograprs.

Happy Bride.

If there ever was a radiantly happy bride it was the Duchess of Windsor today, and if there ever was a joyous bridegroom, it was the duke.

He shook hands with everyone in the flower-banked music room where the ceremony was performed, and not even the lowliest servant missed the thrill of a royal handclasp.

Mrs. Warfield's oft-described wedding gown of Wallis blue was a ravishing costume. Beneath the veil of her off-the-face hat tears could be clearly seen glistening in her eyes and the duke himself was not without emotion during the ceremony.

But when it was over, all was smiles and happiness. Major Dudley Metcalfe, an old and treasured friend, proposed a toast the moment the ceremony was finished and in reply the duke said:

"We are happy to see you all here on the occasion of this ceremony so important to us in our lives."

Duke Wears Cutaway.

The duke wore the traditional cutaway. As he entered the west door of the music room at 11:42 a. m., all present rose and stood. His morning coat was a raven black and his grey trousers as delicately striped as Bond street could ask. He wore a white shirt with a pencil stripe, a grey cravat with flowered design, a fawn-colored waistcoat and turned down white stiff collar.

It was at 12:05 p. m. when the Rev. Jardine, standing directly in front of a great silver cross brought especially from Paris to bedeck the altar, began the ceremony.

Both the duke and his bride answerd each question quickly and clearly, although toward the end his voice plainly showed the emotion it did when after his abdication last December, he broadcast "at long last" to the world his own story of "the woman I love."

It was a really beautiful wedding that the enamored duke gave to his American bride. The scene was one of breath-taking splendor.

Great banks of cream and red roses, huge bouquets of peonies and lilies o the valley and countless vases stacked high with the wild flowers of the lush Touraine countryside flanked the altar.

A soft summer breeze blew through the partly-opened south window, carrying to the assembled guests the soft fragrance of the flowers. Mrs. Warfield was a few minutes late entering the wedding room. In the interim, the duke shook hands all around, not overlooking members of the press, and chatted with William Cumming Graham, British consul at Nantes, one of the guests.

They talked a little about Ecuador, where Graham had served and Windsor visited.

Bride Enters

At 12:08, the bride entered, a vision of loveliness. The duke moved tentatively toward the altar, but Hermann L. Rogers, Mrs. Warfield's former Riviera host, motioned both to chairs.

The pale grey-blue wedding gown worn by the new duchess was a masterly creation, of the sort designed to draw gasps of admiration from ladies competent to judge the whys and wherefores of Paris style.

To the newspapermen present, it was merely sheer loveliness. It fit her slim figure snugly. She wore gloves of the same color and her jaunty hat sported a turned-up brim with a tiny blue veil.

In her ears were brilliant earrings, each bedecked with eight sapphires, and on her wrist a diamond bracelet.

During the civil service, the duke and duchess did not look at one another until Mayor Mercier reached the words "united in the bonds of marriage."

At that moment the duke, with an almost naive motion, leaned toward his bride and whispered something. She glanced at him quickly and flashed a smile, then again looked straight ahead of her.

Duke's Hand Trembled

The duke's hand trembled visibly as he placed upon his bride's finger the marriage circlet of Welsh gold, fashioned of metal taken from the single gold mine in all of Wales as is traditional with the kings of England.

Mayor Mercier exercised his prerogative as officiating dignitary to deliver an oration when his part of the ceremony was completed.

"Obedient to destiny," he said, "this moving ideal of marriage has taken place under the blue skies of France and amid the flowers and trees of the Chateau De Cande.

"I feel it a great honor that I have been the one to celebrate your marriage. I salute your royal highness as former sovereign of a great and friendly nation.

"Monsieur and Madame Bedaux could not have conceived a finer setting even had they been able to foretell, when they bought this chateau, what would happen here today.

"As for my part in this famous love story which innumerable hearts celebrate today and in which I am an agent, I feel I represent a nation which is always attracted by a gallant spirit of independence and by audacious behavior inspired by the dictates of the heart.

"Therefore I salute the prince who was the beloved sovereign of a friendly country and the lady he has selected as his bride. Your happiness, your highness, and your happiness, dear duchess, makes happy each one of us."

Faint Organ Music.

Meanwhile, the guests had assembled in the music room, where the delicately tinted green walls furnished an attractive background for the from the outside of the room swelled to a brave diapason as the duke entered, accompanied by his best man, Major Metcalfe.

The duchess entered on the arm of Rogers. The Rev. Jardine, attired floral displays. In addition to the cross, there were on the altar two tiny goblets of silver filled with flowers.

Faint organ music which came in a white surplice, stood waiting. Before the altar, Major Metcalfe, huge of build and a seeming tower of strength, stood next to the bridegroom.

"Dearly beloved," the minister began in his paternal voice, "we are gathered here together in the sight of God and this congregation to join this man and woman in holy matrimony, which is an honorable estate instituted of God in a time of man's innocency, signifying the mystical union betwixt Christ and church which the holy estate of Christ has adorned and beautified with his presence.

"It is therefore . . . not to be enterprised nor taken wantonly, but discreetly, advisedly and soberly and in fear of God, duly considering the causes for which matrimony was ordained.

"It has ordained the mutual society of help and comfort that one ought to have of another in both prosperity and adversity.

"Into which holy estate these two persons present have come now to be joined. Therefore if any man can show any just cause why they may not be lawfully joined together, let him now speak, else hereafter forever hold his peace."

Then, as the duke stood erect with his hands clapsed behind him and the duchess listened intently, the vicar continued:

"I require and charge ye both, as ye will answer at the dreadful day of judgment when the secrets of all hearts shall be disclosed, that if either of ye know any impediment why ye may not be lawfully joined together in matrimony ye do now confess it.

"For be you well assured that so many couples joined together otherwise than by God's word doth allow, are not joined together by God, neither is their matrimony lawful."

In asking the Duke to promise he would cherish and treasure the Duchess, "forsaking all others and keep thee only unto her so long as ye both shall live," Rev. Jardine addressed him by his full name of Edward Albert Christian George Andrew Patrick David.

Duke Says "I Will"

The Duke's "I will" was given in a bold, clear tenor voice.

"Bessie Wallis," the Vicar then asked, "Wilt thou have this man to be the wedded husband, to live together after God's ordinance in the holy estate of matrimony? Wilt thou obey, serve, love, honor and keep him in sickness and in health, and forsaking all others, keep thee only unto him so long as ye both shall live?"

Soft and low but clearly audible to the assembled gathering came the Duchess' words: "I will."

"Who giveth this woman to be married to this man?" asked the Vicar.

"I do," said Rogers in a staccato voice.

The couple then recited after the minister:

"I, (Edward, Bessie Wallis) take thee....to be my wedded (husband, wife) to have and to hold, from this day forward, for better or for worse, richer or poorer, in sickness and in health, to love and cherish until death do us part, according to God's holy ordinance, and thereto I plight my troth."

Tear In Edward's Eye

It was while he spoke these words that I clearly saw a tear in Edward's eye.

The minister had placed their right hands together as the couple repeated the troth. When they had loosed their hands, the Vicar handed the thin gold ring to Edward, who placed it on her finger as he repeated the minister's words:

"With this ring I thee wed; with my body I thee worship, and with all my wordly goods I thee endow. In the name of the Father, the Son and the Holy Ghost."

Wallis' voice broke more than once during the service, the Vicar had to prompt her twice at the point where she pledged her love to the man who chose her before throne and country.

At conclusion of the ceremony, the couple knelt on white satin cushions before the altar.

"Let us pray," intoned the Rev. Jardine. "Oh, eternal God, creator and preserver of all mankind, giver of all spiritual grace, author of ever-lasting life—send thy blessing to these thy servants, this man and this woman.

Pronounce Them Man And Wife

"Whom God hath joined together, let no man put asunder. For inasmuch as Edward Albert Christian George Andrew Patrick David and Bessie Wallis have consented together in holy wedlock and witnessed the same before God and this company and thereto given and pledged their troth either to the other and declared the same by giving and receiving a ring and joining hands, I pronounce they be man and wife together. In the name of the Father, the Son and the Holy Ghost."

The Vicar then imparted this blessing:

"May God bless, preserve and keep you, that you may have life everlasting."

The assembled company joined in the Lord's prayer and then came this exchange:

Minister—"Oh Lord, save thy servant and they handmaid."

Company—"Who put their trust in thee."

Minister—"Be unto them a tower of strength."

Company—"From the face of their enemy."

Minister—"Oh Lord, hear our prayer."

Company—"And let our cry come unto thee."

The Duke and Duchess then arose and to them the Rev. Jardine said:

"Almighty God, who at the beginning did create the first parents Adam and Eve, sanctify and join together in marriage and pour upon you the riches of his grace and sanctity. Bless you that ye may please him body and soul and live together in holy life unto your lives' end."

The Duke and Duchess filed from the room arm in arm and were followed by their guests down the winding passageway into the salon where congratulations were heaped upon them.

Some called the bride "Duchess" and some "Your Grace", but no one chose to flout the dictum of King George with the salutation of "Royal Highness." And the closest of her friends still called her "Wallis."

The Duke was fairly beaming as he repeated "thank you, thank you" in response to each felicitation.

Early History Of County Conventions

(Second Installment)

The sixth convention was held at the Free Presbyterian church at New Bedford and one of the speakers at this convention was Rev. Wm. M. Taylor. In order to accommodate the crowd the evening session was held in the O. S. Presbyterian church. One of the outstanding questions at this convention was Temperance, and it has been a vital question ever since.

The seventh convention was held in the Old School Presbyterian church of New Castle. The most notable feature of this convention was the presence of R. G. Pardee of New York.

The Eighth Convention was held at College Hall, New Wilmington, in 1867. The ninth convention was held in the Free church, Mt. Jackson. Schools that closed during the winter were condemned as follows: "Resolved that we do not believe that a frost-bitten Sabbath School will ever amount to much, either for the glory of God, or the good of mankind." Prof. Martin Gantz was one of the speakers.

From the ninth convention to the thirteenth, no records can be found, but the meeting places were in order, Slippery Rock Presbyterian, the Pulaski Presbyterian, and the "Herman Tabernacle."

The Thirteenth convention was held in the Mahoning Presbyterian church and Rev. D. L. Dickey and Rev. J. B. Whitten were on the program.

The 14th, 26th and 48th conventions were held at the Little Beaver Presbyterian church. The historian states that hereafter it will be necessary to mass the meetings somewhat. Otherwise, some of you may think of this history as a soldier in Sherman's Army thought when crossing a river on "The March to the Sea." The stream was swollen and had widely overflowed its banks. After wading a long distance, the soldier, taking off his hat and addressing the Commanding officer, said: "General, I think we must have struck this river lengthwise." At this 14th Convention first appears on the program the name of Ira D. Sankey.

Locally Made Movie To Show At Penn

New Castle Who's Who Is To Be Presented Starting Tomorrow

Starting tomorrow for a week's showing, the Penn theatre will present "Who's Who in New Castle", a locally made movie with scenes of many well known business men, and places.

"Who's Who in New Castle" includes some fine pictures taken at The News. Patrons will see the busy composing room, the press in action and close-ups of Jake, Fred and Dick Rentz, all of whom cooperated in the making of the local scenes.

In connection with "Who's Who in New Castle", the management of the Penn announces a contest for patrons who are able to identify the local merchants whose pictures are shown. In the first reel, which is to play for a week starting Friday, only the backs of these men, with a number on them, will be seen. Each patron will be handed a printed slip giving the names of all of the merchants appearing in the picture but putting the proper number next to their names is up to the patron. Fifty dollars in prizes will be awarded to those who identify the most business men shown. The first prize is $25, the second prize $15 and the third prize $10.

Also to be seen in the first week of "Who's Who in New Castle" are the Lions and Kiwanis club members photographed in a group. Other clubs and scenes will come in the following week's pictures at which time each merchant will be identified in the contest.

The feature pictures on the programs will be Clark Gable and Carol Lombard in "No Man of Her Own" and a second comedy feature, "Hotel Haywire".

Blanton Wins Another Game For Pittsburgh

Turns In His Sixth Victory Of Year As He Whitewashes Bees

DODGERS TRIM RED BIRDS 6-2

By PAT ROBINSON
International News Service Sports Writer

NEW YORK, June 3.—No less an authority than the Hon. Dizzy Dean predicted early this spring that if Cy Blanton could win 18 games this year, the Pirates would be a cinch to win the pennant.

Now it must be admitted that the Hon. Diz has the loosest pair of tonsils in the land and his judgment on anything outside baseball is admittedly less than perfect. But when the Hon. Diz speaks of pitching, he is usually 100 per cent correct.

Wherefore, it may be well to record that Blanton today has six victories to his credit and seems headed for at least 14 more.

Blanton yesterday shut out the Bees with six hits for a 2-0 verdict, which indicates the right hander has his sinker working again, and now is a tough hombre to beat.

Pirates Win.

The victory increased the Pirates' lead over the Giants who were knocked off by the up and coming Cubs, 2 to 1. It was the Cubs' seventh straight win. The Cubs made only four hits but they bunched three of them off Harry Gumbert for their two runs in the fourth.

Another decision for the Cubs today would move them into second place ahead of the Giants, and another victory for the Dodgers today would send them into the first division ahead of the fast-slipping Cardinals.

With Van Mungo fanning seven in ringing up his seventh win, the Dodgers downed the Red Birds, 6 to 2, and in a momentous battle for the cellar berth ,the Reds walloped the Phillies, 8-4.

In the American league the Yanks trounced the Indians, 8 to 4, and increased their lead to four games. Incidentally, it was Red Ruffing's fourth straight victory.

In the only other game, the Tigers spotted the Senators seven runs and then came on to win in the 11th, 11 to 8. Tebbetts, the Tigers' rookie catcher, put the game on ice with a homer in the final frame.

DEADLOCK FOR LEAGUE LAURELS

Close to 1,000 fans watched a smooth clicking Radiator softball team go on a hitting spree to defeat the Saks, Wednesday night on Radiator field, 14-5. Sammy Bullano and Frank Copple were the hitting stars for the Saks while the stick work of Gabby DeCaprio, Peachy Fornataro, Sammy Copple and Nickie Ross spelled the first loss for the Saks. In the eighth, the Rads showered the field with base hits as they scored 8 times. By virtue of the victory, Rads are tied for first place with Saks. Doughboys Trim Sherlocks 10-3

After being rained out for three weeks, the Doughboys of the Penn Power Treasury Department walloped the Sherlocks of the Accounting Department, 10 to 3, at Rosena field.

Ward pitched for the Doughboys and gave the Sherlocks a first class lesson. Twelve of the Sherlocks walked to the plate and then after three vain efforts to hit the ball walked back to the bench again, shaking their heads dubiously. Hensley was the losing pitcher and Davies and Hughes the losing catchers. Hughes and Dudley Arnold looked the best for the losers. For the champions the work of McFaden, Warnock, Clary, Smith, Williams, Stiritz, Orr, F. Pabst, Ward and Masson was the best.

The Doughboys have challenged any other team in the Penn Power system for a game.

HERE AND THERE IN SPORTS' LAND

When two champs meet what do they say and how do they act? Judging by what happened when Jess Willard and Johnny Kilbane met last week it is good to guard one's hat. Both champions joked about their ups and downs, pugilistically, and when the talkfest was o'er Kilbane put on Jess' hat and walked away. Johnny failed to return and Big Jess must order another hat. They are made to order. He has promised to play an equally good trick on Kilbane when they next meet.

Mickie Walker, ex-welterweight and middleweight champion, outside the ring is not pugnacious. Instead he is a very quiet going fellow who looks with good feeling on the world in general. Mickie comes from Elizabeth, N. J. It would have been a pleasant meeting between George Chip, also a former champion, and Walker, had they met here recently. However, they did not. Tom McMahon, former heavyweight, and Jimmie Dime, manager and tutor of boxers, spent several hours together.

Wilbur Shaw, new king of America's race drivers, will make his first appearance at Chicago next Sunday since winning the 500 mile Memorial Day race at Indianapolis. Jimmy Snyder, erstwhile milkman who set the early pace at Indianapolis, will also race at Chicago

FROM TEE TO GREEN

MASONIC GOLFERS

New Castle was represented by 30 golfers at the match arranged by the members of the fraternity in Sharon last evening when the group had a golfing get-together at the Tam O'Shanter course.

A blind bogey was staged during the evening, the winners being Les Brindle, Mike Schwab, Dr. Jesse Cooper and John White.

Charles Morrow was medalist with a 41, Bill Watkins had a 42, Attorney Charles Matthews, Jr., 43, and Earl Jarrett, C. E. Allen, Dave Aston and Dr. Jesse Cooper had 44's.

On next Monday evening the Masonic Golfers Association will gather at the Sylvan Heights course and if weather conditions are ideal, the largest crowd of the season to date is anticipated.

All of the courses in the district are recovering from the effects of the unseasonable rain experienced during May, and the excess hay on fairway and rough is being removed as fast as the workers on the course can get to it. So playing conditions at the city course are expected to be ideal by next week.

CHURCH LEAGUE TONIGHT

The New Castle Church Golf League will play over the spacious Sylvan Heights course tonight at 6 o'clock, it was announced by President William I. Clark. The matches scheduled at the Field club last Thursday were called off due to rain and will not be played until the end of the present schedule.

Tonight the Christians meet the Highland U. P. team. The Trinity team battles the Mahoning churches. The First U. P. boys meet the St. Marys team. The First M. E. plays the Highland Men's class. The First Baptists and First Presbyterians meet.

The matches the following week will be at Castle Hills.

PLAY OFF MATCH

Friday evening, weather conditions permitting, the Colalucas, newest entry in the New Castle Golf League, will play off their match with the New Castle News team at the Sylvan Heights course. Both teams will have a strong lineup present.

City Baseball Games Tonight

League Leading Ryantowns Will Have West Pittsburg As Opponents

Four more games are on the schedule in the New Castle City Baseball League for tonight. The games will start at 6 o'clock. The league leading Ryantown team with Carey in the box will oppose the West Pittsburgers.

Winters will probably go for the West Pittsburgers. Down on the E. & A. field the Mahoning A. A. will be having a tussle with the Lawrence Indies. The Lawrence Indies have been the surprise team of the circuit and it would not be surprising to see the "Red Caps" up near the top of the league before very long. Savage is due to throw them for the Indies tonight, opposed by Russo.

At the Lee avenue field Manager Joe Ziegler and his Sixth Ward Firemen will have the Colored Elks for their attraction. The Elks will shove Rankin into the box against the Fire-Eaters and the latter will counter with Peck Huston or Wylie Shick.

The South Side Board of Trade team will play at Glasser field opposing another surprise team of the league, the K. Pulaskis under Manager "Lefty" Maslyk. The Board of Trade team may use Rodenbaugh on the hill. He relieved Lamm the other night and pitched good ball.

A meeting of the managers of the league will be held on Friday night at the "Y" at 7:30 o'clock. The matter of umpires will be taken up for discussion.

People don't forgive and forget. They forget and then forgive.

Greater Safety For Landowners And Hunters Aim Of New Measure

(International News Service)

HARRISBURG, June 3.—The Earle administration today prepared to afford greater safety for hunters and landowners with the final enactment of the Schrope revised game code.

The code, first complete revision of the game laws in 14 years, was approved by the senate and awaits house concurrence in amendments.

Supported by the Pennsylvania Federation of Sportsmen's clubs and sponsored by Rep. E. A. Schrope, D., Schuylkill, the code as approved by the senate would:

Provide more strict enforcement of game laws; outlaw the drunken hunter; protect farm property; empower the game commission to conduct board refuge and rearing programs; retain the skunk in the fur-bearing category, except in counties where they become "too abundant" in which event the commission could put the animal on the vermin list; continue the woodchuck as a game animal; empower the department of revenue to appoint county treasurers and other agents in the state to issue licenses.

Schmeling To Claim Title

Was Set To Meet Jim Braddock In Long Island Bowl Tonight

By DAVIS J. WALSH
International News Service Sports Editor

NEW YORK, June 3.—All, it seems, is in absolute readiness this morning for the novelty offering of Madison Square Garden tonight, featuring the first heavyweight championship in prize fight history, without the heavyweight champion. The latter, a Mr. James J. Braddock, appears to have been unavoidably detained out of town, but the challenger, Max Schmeling of Germany, is reading, willing, anxious and availalbe and will go through all the customary gestures as a man about to engage in a gripping encounter—up to 2 o'clock this afternoon.

At that point, official admission will be made that the fight will not take place ,that traffic congestion at the Long Island bowl will not be an urgent problem and that, in fact, Braddock will not be there. This will come as a guarded, even a reluctant admission by Madison Square Garden.

All along it has stoutly maintained that Braddock would not meet Joe Louis in Chicago on June 22 but instead would fulfill his original contract with Schmeling at the Garden bowl tonight. So tickets were offered for sale, the press department got out what it called a "final notice" today detailing all arrangements and the advertising department three-sheeted the town in a manner that would have been most impressive, only Schmeling's name was spelled with two L's.

Dean Ordered To Apologize

"Dizzy" Must Apologize To Ford Frick, National League President

SUSPENSION MAY BE LIFTED

By LAWTON CARVER
International News Service Sports Writer

NEW YORK, June 3.—Dizzy Dean's some time impertinent oratory was expected to be stilled to a whisper today when the great man of the St. Louis Cardinals, accompanied by Manager Frankie Frisch, was to appear before President Ford Frick of the National League, for a round of robust apologies.

Whether this was to be in the form of a duet to be played by Dean and Frisch or just another solo by Dizzy could not be learned, but one fact seemed definitely established: Dizzy was to go in virtually laden with contrition, and spread it around so thick that everything immediately would be all right.

Must Apologize

President Frick himself has said that Dizzy "could pave the way to lifting of the suspension within 24 hours, if he comes in and apologizes to the league and its officers. Otherwise, the suspension will be just what it says—indefinite."

Under the circumstances, Dizzy had little, if any, choice in the matter, and seemed to begin realizing it right away. He denied having said about Frick several of the worst things attributed to him after he had been fined $50 for that "bean ball" interlude which caused a gang fight between the Cards and Giants at St. Louis.

And he was understood to be eager to get the matter straightened out once and for all. Moreover, he wasn't doing much talking. President Frick was taking care of that in perhaps the most determined—almost belligerent—stand he has made since assuming office three years ago.

Time For Showdown

"Dean has been asking for this for a long time," Frick said, "and it's time for a showdown. He has been talking out of turn both on and off the playing field. I consider his actions and statements harmful not only to the National League, but to baseball in general."

Events leading up to the indefinite suspension of Dean yesterday started at St. Louis ten days ago when Umpire George Barr enforced the balk rule on the pitcher, who allegedly retaliated by pitching at the Giants' heads—which he denies having done deliberately—and from there went from bad to worse—for Dean.

All of the characteristic quotations attributed to him were denied, including that he called President Frick a pain in the neck and a crook.

SOUTH SIDE PIRATES

South Side Pirates won an impressive 11-7 triumph over the Jeff Robins. Victor Owac cracked out a homer. J. Josph gave up but 7 hits. This was the fourth straight victory for the Pirates.

Life brings us many dreadful problems, most of which would be easy if we were working them for fun.

Marie, William Popular Names Of Graduates

ELLWOOD CITY, June 3.—Have you ever wondered when you witnessed a group of seniors being graduated what Christian name and family name was the most often repeated?

A check-up of the 166 graduates of the June class of the Ellwood City high schools discloses that the name of Marie for girls and William for boys was evidently the most popular choice of the parents. Margaret, Mary, Jean and various forms of Elizabeth including Betty and Betsy, were close seconds for the girls. For the boy's names, James, Jack, John, Robert, George and Charles were favorite choices after William.

Surprisingly, there was not one of the old familiar names of Emma, Ruth and Sarah. Bernzetta, Bernadette and Ernestine were the most uncommon girl's given names.

The name Young was the most common surname with six members of the class having that family name. Newton rated second place for the common family name. There was only one Smith and no Blacks or Whites, which is unusual.

FROM ME TO YOU

By MESEEALL

Today looks a little like rain, in fact it might be raniing by the time you read this . . . let's take a few moments and think about our own yards . . . the trees especially . . . the one that border the front part of your lot or the trees along the street . . . they have been growing these last few weeks and some of them need prunning . . . they make it difficult for one to walk along the street . . . on a rainy day it is very miserable . . . be a good sport and have this situation taken care of . . . you know if we mean you . . . no need to mention names this time.

• • •

Have you see the latest creation in auto combinations . . . a young lady in town had her car painted white trimmed in black . . . a very hot looking job . . . she is taking no chances in loosing that car . . . the wheels are novel too . . . each one has three or four dice on them . . . we don't exactly know what this means . . . maybe they are good luck charms.

• • •

We noticed yesterday that Tom Cunningham was all dressed up . . . they tell us that he made a speech to a group of ladies at Ellwood City . . . Tom is some little speech maker but why does he have to keep dressed up two days to make a speech one day? . . . maybe little chubby Jackie Stanton would like to answer that.

• • •

"It pays to advertise" was again proven Wednesday when Mrs. James Hinkson, 124 North Crawford avenue placed an ad in these columns . . . in an effort to find the owner of a pocketbook, which dropped from a passing automobile, in front of her home . . . In less than two hours after the paper was off the press, she received a phone call. and Mrs. Francis Nolte of East Maine street, had claimed her purse which contained money and personal belongings, just by "watching the advetisements on the classified page".

• • •

Again we beseech you to use the classified ads.

"But why are you against it?"

"It don't leave a man no time," was the reply. "I advertised wunst last summer and the consequence wuz I wuz so busy I didn't have no time to go fishing the whole season."

England's luck is changing. A land in need of a nice "mere symbol" couldn't hope for one better than George.

Market Settles Into Extremely Narrow Range After Opening Today

By LESLIE GOULD
International News Service
Financial Writer

NEW YORK, June 3.—Stocks slipped as much as a point today then settled into an extremely narrow range slightly above the day's lows.

Selling was concentrated chiefly in the steels, rails and coppers, with motors, aviations, utilities and sugar shares also generally soft. Amusements, rubbers and farm implements displayed independent firmness.

U. S. Steel, Bethlehem and Republic each dropped a point or more but recovered small fractions later. Similar performances were turned in by American Smelting, Anaconda and International Nickel in coppers, and Atchison, Baltimore & Ohio and Southern Pacific in carriers.

Estimates of a 1937 billion-dollar wheat crop, buoyed farm shares, particularly International Harvester and Oliver. Sears Roebuck in the mail orders moved up in sympathy. U. S. Rubber and American Telephone also were higher.

B. M. T. in the tractions slipped fractionally into new low ground for the year.

Bonds were irregular, although governments eased on the announcement of June quarter treasury financing of $800,000,000 in notes. Grains and cotton lost some ground.

Murray Threatens To Expand Strike

(International News Service)

YOUNGSTOWN, O., June 3—Tom M. Girdler, president of Republic Steel corporation, was today charged by Phil Murray, CIO steel union chief, with being 'a' gunman instead of a steel executive," the CIO leader threatening to invoke a coal strike, an ore strike, a warehouse walkout and various other labor troubles against Rpublic unless the giant strike-ridden corporation comes to terms.

Meeting here with his lieutenants from all quarters of the far-flung steel strike against three of the nation's leading independent steel concerns in a "war council" Murray intimated further that Republic Steel Corp. is "living on borrowed money" and was not in a position to stand further labor trouble.

Murray, in addition to being chairman of the CIO steel workers organizing committee, is international vice president of the powerful United Mine Workers of America, of which John L. Lewis is head.

Food Planes Land.

Meanwhile, the strike continued. At Warren, O., Sheriff Roy S. Hardman of Trumbull county chased sniping riflemen from ambush permitting food planes of Republic Steel to land inside the company's plant at Warren. The snipers were routed after steel officials demanded the sheriff provide an armed escort for food trucks coming into the picketed Warren and Niles mills.

Hundreds of spectators witnessed the aerial delivery of food to the besieged workers. Two roaring planes swept over the flood-lighted plant within five minutes of each other. Earlier in the day yesterday two cracked up while landing on the rough, improvised field, one pilot being injured.

Drop Bags Of Food.

Alternately the speedy ships swooped low over the picket lines, circled the mill and dropped one bag of food on each dive.

Strikers reported each plane dropped 15 bags within the fence bordering the plant. The aviators blinked their wing lights and sped into the northwest after completing their task.

The picket lines, in the meantime, were unusually quiet, as striking workers prepared to gather throughout the Mahoning valley today at mass meetings to be addressed by leaders prominent in the steel union organization and other CIO union affiliates.

Merit System For Federal Employes Urged By President

(International News Service)

WASHINGTON, June 3.—President Roosevelt today urged congress to place all new federal employes except those holding policy-forming positions, under the merit system of the civil service.

In identical letters to Vice-president Garner and Speaker Bankhead, the president declared the merit system "affords the best method for administration of government business," he warned that more than 70 bills had been introduced in this session of congress to create new federal positions which would be exempt from civil service.

Mr. Roosevelt sent along a copy of a letter from the civil service commission urging him to use his influence in opposing enactment of such bills into law.

Courtroom Battle In Reilly Case

Defense Attorney Argues For Directed Verdict Of Acquittal In Case

(International News Service)

PITTSBURGH, June 3.—A strenuous courtroom battle was waged by the defense today for a directed verdict of acquittal for District Attorney James A. Reilly of Fayette county, accused of directing the alleged "third degree" death of Frank C. Monaghan, 64.

For an hour and 15 minutes Chief Defense Counsel John J. Duggan, Jr., sought to convince Judge William H. McNaugher that Attorney General Charles J. Margiotti had failed to make out a case against Reilly.

Duggan argued that the commonwealth failed to show Reilly was in the bertillon room when Monaghan died while being questioned about the slashing of County Detective John C. Wall and even if Reilly was conceded to be there, Duggan contended, there was nothing on the record to show that he had participated in the attack which left Monaghan a broken and battered corpse.

Injunction On Full Crew Bill Granted Today

(International News Service)

HARRISBURG, June 3.—A temporary injunction granted by the Dauphin county court today restrained the commonwealth from forcing compliance with provisions of the newly-enacted full crew law, strongly opposed by Pennsylvania carriers during its rough road through the general assembly.

Gov. George H. Earle signed the bill Tuesday. The act provides for an extra brakeman on freight trains of 50 or more cars and passenger trains of 10 or more cars.

The Pennsylvania railroad, contending the bill's provisions "have no reasonable relationship to the safety of employes and travelers" petitioned the court late yesterday to restrain enforcement of the law.

President Judge William M. Hargest set June 7 for a hearing on the injunction proceedings.

Probably Guilty Verdict Of Jury Result Of Hearing

(International News Service)

GREENFIELD, Mass., June 3.—Thomas H. Elder, 65, retired dean of Mt. Hermon School for Boys, today was found "probably guilty" of an attempted assault with intent to murder S. Alan Norton, 71, retired cashier of the school, and held for the grand jury.

This action followed a district court hearing during which Norton had admitted inter-office "peeking" and testified he saw the ex-dean "kiss" a former girl secretary.

Judge Philip H. Ball allowed Elder his liberty under $10,000 bail.

Elder, whose defense was not put in today, has denied the attempted assault, claiming he was with his wife in a Keene, N. H., hotel on May 25, when the alleged attempted attack occurred.
